PRAISE**

**June 2020**

### **Sara & JD Bennett, TBM, Spain**

- Pray that this country will humble itself. That Spain will pray and seek God's face and turn from their wicked ways. P
- Pray for our contacts in Spain and Gibraltar. For God to accomplish his will with the people we are praying for and sharing the good news with.
- Please pray for us to trust God's plan, despite many changes like the mandatory closure of our ministry center for the last two months and the cancellation of English action camp.
- Pray for our family to keep our eyes on the author and finisher of our faith, remembering that though the darkness may come, the sun also rises.

### **Glenn & Dorothy Budd, ABWE, Peru**

- Pray for God's mercy, and provision. We are able to help many people, personally, with offerings, advances and food but it never seems enough.
- We pray for wisdom for the people and authorities.
- A good friend of ours, Kike (police official), broke down in tears in our Zoom church service, as he related the deaths he has witnessed. Please pray that he responds to Christ's offer of Salvation and for other men in "Vida Nueva" who have not accepted the Lord.
- Pray that these Co-Vid situations will result in salvation. That we will make the most of every opportunity.
- Please pray for Peru, for improvement of the situation and mostly that this would lead people to see their need to prepare for eternity

### **CAPS, San Diego**

- Pray for healthy pregnancies, healthy babies, salvation and renewal of faith. Pray for healing from past abortions.
- Pray that women and couples seek help at CAPS first as they contemplate pregnancy decisions. That women follow through with their scheduled appointments at CAPS.

- Pray for health and safety of our current volunteers and staff as CAPS continues to stay open and serve those in need of pregnancy care and direction.
- Pray for our fourth clinic scheduled to open later this year.

### **Chris & Mihi Guess, ABWE, Romania**

- Since so many have been economically impacted by the pandemic, we have seen a greater need and had a larger opportunity to reach out to people through meeting their basic physical needs. We keep asking the Lord to lead us in this regard.
- We are working on loving people and sharing God's truth with them. It has been a bit difficult, but God continues to faithfully allow His children to love on others!
- Keep praying for alfAOmega Baptist Church as it is filled with young believers. Pray that they may grow in their faith, serve others in love, and strive to live for their Savior alone.

### **John & Nancy Hook, MAF, USA**

- Pray for God to give us favor and send us his choice of families.
- Pray the garden's harvest will bring forth much produce and the Holy Spirit will make ready hearts to receive him.
- Pray God will place a wall of protection around us and our family, and grace us with his goodness and mercy.
- Pray God will build up our partnership team to do his work. I have to guess

### **Jon & Tammy Junker, TEAM, Japan**

- Please pray for wisdom for church leaders over the world, as to when and how to go about gathering in person again.
- Thank you for praying for Jon's messages in April. He will also be speaking in Azumino (not sure if he will actually go or just Zoom in) in June.

- Pray for encouragement during this time of ministry partnership.
- Pray that God continues using MAF and our role in helping with a pandemic.

**Daniel & Mary Kapitaniuk, Tecate Mission, US**

- Pray for the parents working with us to get schoolwork back and forth.
- Pray for us to be salt and light during these tenuous days.
- Pray that we will be creative in our lessons.

**Josh & Emily Merchant, WBT, Mexico**

- Pray for Mexico during this covid-19 time. For people who lost jobs.
- Pray for all believers during this time, that God will use this time to wake us up, to teach us what we have not been learning and need to, and that we will remember the sovereignty and omnipotence of our Lord and Savior.
- Pray for my brother, who possibly has cancer. Pray God will draw him to Himself and that Andy will seek God anew.
- Please pray that God will open doors to buy a house here in Mexico.
- Pray for our school and families. Due to the economic downturn, many missionaries are feeling the sting of their support dropping. Please pray for God to provide however He sees fit, for these families and for our school.
- Pray for Josh and I as we look to summer plans. Please pray for wisdom.

**Jason & Jodi Olver, Asia Pacific**

- Maya is off to college and we are trying the best we can to prepare for the upcoming expenses. California Baptist (cont)

University in Riverside has been very helpful with scholarships, but we still have a way to go. This is a big prayer request for us and for Maya.

- All three of our girls are in or will be in major life transitions in the coming months. This is the reason that we are back from Indonesia: so that we can help our girls transition well.
- I will continue my Field Leadership responsibilities giving oversight and direction to our teams. I will continue leading the Crisis Management Team for the COVID-19 crisis from computer/phone.
- We've been praying about getting US citizenship for me which would alleviate a number of issues that we continue to have when spending time in the USA. Please be in prayer about that with us.

- Please keep praying for our grandson Jakob who lives with us. The company he had a job with ran out of work for him over two months ago, before COVID-19 was affecting the U.S., and they still have no work for him. Please pray for him to find another job, and most of all that he will turn back to the Lord.
- Please continue to pray for us as we plan for the future days in southeast Asia once things are stable again. We have many new families and singles heading to the region, and we must be prepared ahead of time to assist them after arrival as they participate in life in a new and foreign community.
- We are also part of a team developing a new training program called Equip Asia. We hope to launch online in June with participants in the first class from as far afield as India, Myanmar, Siberia, Vietnam, and possibly the Philippines.

- We learned from the French Embassy that we can return to France, so we'll be leaving by the end of this month. We will be in isolation for 2 weeks upon arrival. Please pray for us! (cont)

- There are many needs and much to do once the isolation is over.
- Pray for our dear brother & ministry partner Mokhtar who will be having a major surgery to remove His colon.

- For a job for Bethany.
- Pray that Hume Lake can open.
- Pray for Bentley. He plans to study Fire Fighting at Miramar College.

### **Don & Karen**

- Pray that the border into Hungary will open. There are plans to open around June 15 for travel. Normally we would travel to Hungary on a tourist visa and apply for residency as soon as we get there. But right now, they are only allowing Hungarian citizens and permanent residents to enter the country after being granted special permission.
- Pray that they will make an exception for us. The team leader in Hungary is writing a letter of invitation, after which we will apply for an entry exemption from the Hungarian national police.
- Pray that they will look favorably on the invitation letter and entry exemption application and grant us permission to enter before the border officially opens

### **Fernando & Monse**

- We are asking prayer because one really important paper was refused to Daniel (one of the twins), and without this paper we can't renew the residence papers for him. Please help us with your prayers. It is probable that we will need to leave the country once the borders opens, unless this paper is granted."
- Pray for Manuel and Fernando's health.

### **Paul**

- Paul is teaching his classes using online resources. He has signed a contract for another year teaching high school. His biggest challenge are the struggling students who he can motivate when in person, but online is hard.
- Paul is doing well though at times he is lonely being shut up in an apartment with an occasional outing. Please pray for Paul as he makes his summer plans.

### **PN**

- There is much to do and much to pray about. The nations are being shaken let's not miss the lesson in this.
- I ask for your prayers that the believers in this massive and diverse country would unite and pray for people (cont) movements of H and M and B to bow the knee and see Jesus as the one living God who sees, knows, and hears the cries of each sheep that is lost.
- That in these excruciating hard days likened to the night the angel of death passed over the nation of Egypt, the people of the Lord will not fall back but surge forward in faith and be the hands & feet of Jesus to their suffering neighbors.
- That this pass over would bring an understanding of the sacrifice of the lamb for the sins of the world.

### **Yuko**

- Praise for health and good friends
- Please pray for the end of Ramadan
- Pray for the team meeting
- Pray for good reunions with my friends and colleagues.

### **Tim**

- Here is an update on my Grandpa Joe. No head injury from this fall, but doctors found cracked ribs from a previous fall. Is wearing a thoracic brace. Has a low blood count. Most concerning news, my grandpa has pancreatic cancer in the advanced stages. It has spread to his bones.
- I really want to be with my family right now, but Mongolia has an international travel ban in and out of the country. Korean Air may begin traveling to Mongolia in June, but the government has the final say on that. There will be at least four emergency flights coming up, but I don't know when they are.
- Please uphold my Grandpa Joe and that the Father will heal him. If it is not His will to heal him, uphold that my grandpa will not feel any pain and that he will go quickly to be with his Heavenly Father.
- Please uphold my family for peace during this time and that international travel in Mongolia will be opened up so I can be with my family.

### **Denis & Diane**

- Please pray with us for our production team in Pakistan. Three of the staff have come down with Co-Vid like symptoms, along with other members of their families.
- This small studio produce is nearly half of the content on our channel, so their impact is huge.
- Thank you for bringing these dear ones before the throne of grace with us.
