

Getting Started

1. When you think of money, what kinds of things come to mind?
2. What emotion best describes how you feel about money these days? Say a few words about that emotion.

Going Deeper

1. Some have said that tithing is specifically an Old Testament practice. What do each of the following verses indicate about the spirit and act of tithing that still applies to us today?

- Proverbs 3:9
- Matthew 5:17-18
- Acts 4:32-35
- Acts 20:33-35
- 2 Corinthians 9:10-11

2. Many have said that tithing both “reveals” and “shapes” your heart. How do you think those two realities are true in your life?

3. Silently read Jesus’ words in Matthew 6:19-24. Read them slowly to meditate thoughtfully on His meaning. Now restate (paraphrase) what Jesus said in your own words and share your thoughts with the group.

Application

1. Let’s finish by talking about “tithe friction” for a moment. What slows down your desire to tithe? When you think about all we talked about this week, what puts a drag on your generosity? What realities in our world tempt you away from tithing? How can you push back against tithe friction in your own life?
