

## Getting Started

1. Who taught you how to face death? Family members? Friends? What did you learn from them?
2. How has your view of death changed since you first learned about it?

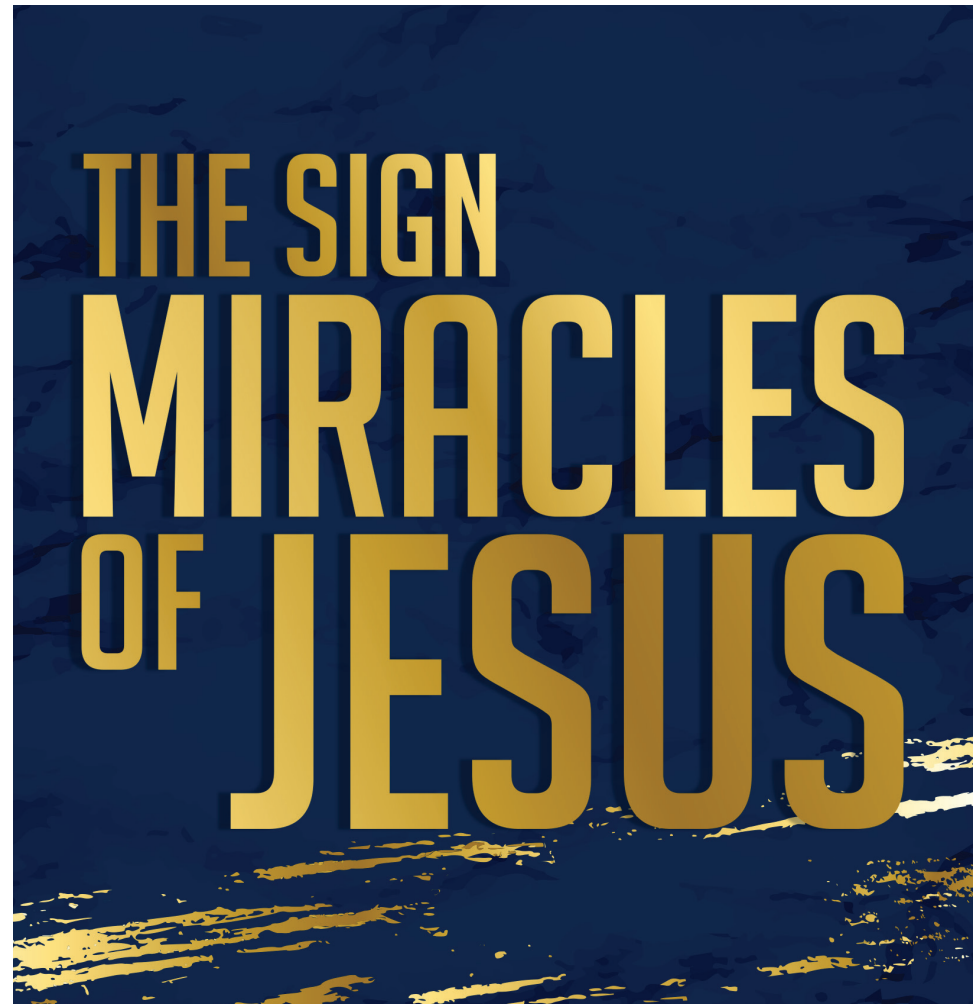

## Digging Deeper

1. Read John 11:1-16. What was strange about Jesus' response to the news about Lazarus being sick (John 11:3)? In what way might you have replied to Mary and Martha?
2. When have you been with a person who has lost someone close to him/her? Describe your experience of "grieving alongside" another. What did you think and feel as you helped them?
3. Read John 11:5-6. What makes Jesus' postponement of travel to be with Mary and Martha odd? When has a close friend or relative delayed their arrival when you felt that you needed them most?
4. Describe a time when you asked something of God, that you felt you really needed, and He postponed His response to your request.

## Bringing It Home

1. Talk about a current trial, loss, or pain in your life. Describe a few discomfort management methods you have employed in order to deal with this season of difficulty.
2. Read Romans 12:2. In what way is the Holy Spirit nudging you about your best, next step of faith? How does this feel a little scary or risky? What could be the potential positive outcome if you exercise your faith in this way?
